

App\Controllers\SessionController
\userLogin

App\Controllers\SessionController
\userSignUp

App\Controllers\SessionController
\userExists

```
graph LR; A[App\Controllers\SessionController<br/>\userLogin] --> C[App\Controllers\SessionController<br/>\userExists]; B[App\Controllers\SessionController<br/>\userSignUp] --> C;
```

The diagram illustrates a dependency or relationship. On the left, there are two white rectangular boxes with black borders. The top box contains the text 'App\Controllers\SessionController' followed by '\userLogin' on a new line. The bottom box contains 'App\Controllers\SessionController' followed by '\userSignUp' on a new line. On the right, there is a single gray rectangular box with a black border containing the text 'App\Controllers\SessionController' followed by '\userExists' on a new line. Two blue arrows originate from the right side of the two white boxes and point towards the left side of the gray box, indicating that both '\userLogin' and '\userSignUp' depend on or call '\userExists'.
