

public

The diagram illustrates a file system structure. A large light blue rectangle with a dashed border represents the 'public' directory. Inside this rectangle, at the top, is the text 'public'. Below this text is a smaller, solid light blue rectangle with a solid black border. Inside this inner rectangle, there are four items: 'styles', 'scripts', 'lib', and 'assets'. 'styles', 'scripts', and 'lib' are each contained within a small blue box with a solid black border, while 'assets' is just text. These four items are arranged horizontally from left to right.

styles

scripts

lib

assets
